

Updates Made to Statin Therapy for Patients with Cardiovascular Disease (SPC) HEDIS® Tip Sheets

Learn how to improve your HEDIS rates by using the updated tip sheet about the SPC measure and best practices.

Physicians can access a Statin Therapy for Patients with Cardiovascular Disease (SPC) guide with helpful tips including requirements, exceptions, service codes, and recommendations. The tip sheet (*Material ID 23-301*) is available on the Wellcare Provider website at: wellcare.com/en/California/Providers/Bulletins.

The tip sheet has been updated for 2023 and outlines key aspects of the HEDIS measure, codes associated with this measure, exclusions, best practices and guidance for proper documentation for Wellcare members.

THIS UPDATE APPLIES TO:

- Physicians
- Independent Practice Associations
